### **Spalding Dedecker hires Brad Abar, PE as Construction Engineering Project Manager**

**Rochester Hills, MI (April 15, 2019)** – Spalding DeDecker, a regional civil engineering and surveying firm, is pleased to announce that Bradley Abar, PE has joined our team as a construction engineering project manager.

With more than 14 years of experience as a transportation and construction engineer, Mr. Abar will be responsible for managing municipal and MDOT construction projects throughout Michigan. Mr. Abar has experience in multiple civil engineering disciplines including, geotechnical, construction management, and environment/water resources. He is proficient in ArcGIS, AutoCAD, Micro Station, and HEC-RAS, along with other various civil engineering software programs. He is knowledgeable in construction inspection and testing of HMA paving, concrete paving, storm sewers, sanitary sewers, water mains, roads, and bridges.

“I am very excited Brad is joining our Construction Engineering group,” said Steve Benedettini, president of Spalding DeDecker. “The team has been growing rapidly, and Brad provides additional project management support, increasing our capacity. In addition, Brad’s diverse experience will allow us to better serve our clients.”

#### **About Spalding DeDecker**

Established in 1954 and celebrating its 65th year in business, Spalding DeDecker is an employee-owned consulting engineering and surveying firm specializing in infrastructure, land development, and surveying. Headquartered in Rochester Hills, Michigan, along with several field offices, Spalding DeDecker offers a diverse set of solutions to clients seeking solutions to construct and maintain their infrastructure. The firm offers municipal engineering, construction engineering, transportation engineering, land development, pavement management, roof and building envelope assessment, and land surveying services.
